Name of Organisation/Project: PNG Dental School - Endodontics Teaching Block

Type of Organisation:  Religious  Service club  Educational institution  Private

Year Established: 2005

Name of local host organisations/partnerships: Dental School, University of Papua New Guinea

Name of local contact person: Dr Mahmood Siddiqi

Country of Project: Papua New Guinea

Region in Country of Project: Port Moresby

Project Type:  University  Training  Service delivery

Clinic Facilities:  Fixed  Outreach  Class room based

Program Objective:  
(100 words or 750 characters including spaces)  
To deliver a program of lectures, pre-clinical and clinical instruction at undergraduate level for dental students at the Papua New Guinea dental school. Typically, the teaching is provided to 4th year dental students every July.

What work is done and how does the project achieve its objective:  
(100 words or 750 characters including spaces)  
Lectures are delivered over varying periods from 1 - 2 weeks each year. These are interspersed with pre-clinical laboratory instruction and technique work undertaken by the students on extracted teeth. When time permits, clinical demonstrations are given and there may be some supervision of students undertaking clinical endodontic treatment of patients.
