Type of Practice:  General  Teacher (Specify Dental School)     

Name of Organisation/Project: Cambodia World Family

Type of Organisation:  Religious  Service club  Educational institution  Private

Year Established: 1996

Name of local host organisations/partnerships: Global Development Group

Name of local contact person: Dr Robert Ogle

Country of Project: Cambodia

Region in Country of Project: Phnom Penh

Project Type:  University  Training  Service delivery

Clinic Facilities:  Fixed  Outreach  Class room based

Program Objective:  
(100 words or 750 characters including spaces) CWF services up to 10,000 institutionalized children in the Phnom Penh area. Most are orphans and abandoned but we do work with street children and recovering child prostitutes and drug users.

What work is done and how does the project achieve its objective:  
(100 words or 750 characters including spaces) We have three modern chairs and good auxiliary staff that speak English. We use universal precautions. We can provide good accommodation on the premises. We are trying to get past an invasive or surgical stage into a strongly preventative stage by concentrating on preserving permanent molars and anteriors. We only work mornings and only on children. We also see many physically handicapped children.
