

Friends of the ADRF

Knowledge is one of the greatest gifts you can give.

It's timeless and provides the foundation for innovation and new technologies, all of which benefit society. If the future of dentistry in Australia is important to you, then please consider leaving a bequest in your will to Australian Dental Research Foundation.

The ADRF's rigorous selection processes for grant recipients means you can rest assured that your bequest will be well used and that it will make a real difference to the oral health of all Australians.

Making a bequest

- Please speak to your solicitor who can make the appropriate arrangements for your bequest
- The ADRF ABN number is 54 963 830 138 ACN 632 256 979
- Inform your family of your bequest
- And finally confirm with the ADRF that your bequest is in place to allow for effective planning for future research efforts. To indicate your interest please return this form to adrf@dentalresearch.org.au, or if you would like more information please phone (02) 8815 3333.
